1,584 Sq Ft / 147.2 M<sup>2</sup>
Including Terrace

Stated square footage includes the terrace of the Unit and is otherwise measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls. This will in fact vary from the square footage that would be determined by using the description and definition of the "Engineering Area" set forth in the Declaration (which generally only includes the interior airspace between the perimeter walls and excludes interior structural components). For the square footage of the "Engineering Area" calculated in the manner set forth in the Declaration, as well as the area of the Unit measured as described herein but without the terrace, see Exhibit "3" to the Declaration. All square footages are approximate and may vary with actual construction. All floor plans and development plans are subject to change. Plans are not to scale. The survey of the units and the provisions of the Unit measured as described herein but without the terrace, see Exhibit "3" to the Declaration. All square footages are approximate and may vary with actual construction. All floor plans and development plans are subject to change. Plans are not to scale. The survey of the units and the provisions of the Unit measured as described herein but without the terrace, see Exhibit "3" to the Declaration.
